**Re: Project Notification
Kingston Estates Park Improvements
Cherry Hill Township**

Dear Kingston Resident,

I am excited to announce that construction of the Kingston Park Project will commence on or about the 30th of March 2026. The installation of construction fence began today, this is a temporary measure to secure the site for future construction.

As part of our continued commitment to enhancing recreation in Cherry Hill, this project consists of the installation of a hockey court, basketball courts, an interactive playground area and a pavilion.

During the period of construction, residents may experience some inconvenience. The Township will do its best to minimize any such issues and the contractor is required to adhere to local noise ordinances. No work is to begin prior to 7:00am and must be complete by dusk.

If you have any questions or concerns pertaining to the construction, please contact Michael Rann, Project Manager or Danielle Hammond, Contract Administrator. They can be reached at (856) 424-3203 during normal working hours.

The Mayor along with Council, continue to prudently invest in our town's recreation amenities and green space. These investments preserve our unique quality of life and make Cherry Hill a great place to live. Our recreation facilities makes our neighborhoods robust, vibrant and a place where the community can enjoy a variety of activities throughout the year. Thank you in advance for your cooperation.

Sincerely,

Nicole Gillespie
Director of Engineering
