## VOTER REGISTRATION

### In Order to Register to Vote, You Must Be:

- A US citizen residing in the district in which you expect to vote;
- A resident of your county for 30 days before the next election;
- At least 17 years old; your registration is marked "pending" and you may vote as soon as you turn 18.

### You Are Not Eligible to Vote If You:

- Are serving a sentence, as a result of a conviction of an indictable offense, under state or federal law -- or --
- Have been adjudicated by a court of competent jurisdiction to lack the capacity to understand the act of voting.

### When and How to Register:

- Eligible voters are automatically registered when they obtain a driver's license (unless they choose to opt out).
- Registration forms can also be found at most county offices as well as online, and can be completed entirely online -- no stamp or printer required!
- To vote in a specific election, you must register at least 21 days before Election Day (plus county residence requirement above)
- Registration is permanent, however;
  - Someone disqualified must re-register when they regain qualification.

### Changes of Address or Name

- **Moving within the state:** when you update your driver's license, your voter registration info will automatically be updated, but we suggest calling the Board of Elections promptly to verify your status.
  - If you don't have a driver's license, you will need to notify election officials and complete a change of address form.
- **Moving within the county:** either complete a change of address form by 21 days before the next election or, after that deadline, meet with your municipal clerk to process the change.
- **Moving to a new county in NJ:** (1) within 20 days before an election, you can vote at your old polling place (check with officials to verify procedures); (2) more than 20 days before an election, and did not complete the change of address process in time, you cannot vote.
- **If you change your name** by marriage, divorce or court decree you must submit a written statement to the county. Updating your driver's license serves as this written statement. If the change is within 20 days of an election you may vote in that election by signing both names and completing a name change form at the polls.

## PARTY AFFILIATION

You may affiliate with a party when you register to vote but this is not required unless you wish to vote in a Democrat or Republican primary election. If you are unaffiliated, you can declare a party at the polls in a primary, or you can declare a party using a form on the county website at least 55 days before the primary. If you are *already affiliated*, you may change to a different party more than 55 days before the primary (you may not change at the polls).

## VOTING

- Check your voter information and voting history at <https://voter.njsvrs.com> or Vote411.org.
- Visit <https://vote411.org> for candidate information, explanation of ballot questions, a polling place locator, and much more.

### Voting In Person

Registered voters receive a sample ballot in the mail before all elections (except fire district elections) with hours and polling place. ID is not required to vote but it is recommended you bring a signed photo ID. First-time voters should bring their voter registration card (contact the Board of Elections if you did not receive one).

Early in-person voting will again be available. Designated dates and locations will be included in sample ballots, on the Camden County website, and Vote411.org.

### Vote By Mail

Apply by mail or in person with the County Clerk. The completed application must be received by the clerk no later than seven days before the election, or apply in person up until 3 pm the day before the election. Ballot and instructions are mailed to the voter (or provided on the spot if you apply in person). You may send someone as your messenger to obtain your ballot, have someone assist you with completing your ballot, and/or have a bearer mail or hand deliver your ballot (restrictions apply to these roles; inquire with the Board of Elections). Return your ballot by mail or in person; if you fail to return your mail-in ballot, you may only vote by provisional ballot at the polls. Mail-in ballots must be received by the Board of Elections before the close of polls on Election Day or postmarked by Election Day and received within 6 days.
